Celebration planned for Founders Day

By Jan Kitch Staff Writer

The Clarke College Community will honor Mother Mary Frances Clarke, foundress of the Congregation of the Sisters of Charity of the Blessed Virgin Mary and Clarke College, on Founders Day, Tues., Oct. 4.

An all-school liturgy will be conducted at 4:45 p.m. in the Mary Jo Cafeteria. A picnic and program will follow. History of Mother Clarke and letters from '77 graduates will

The Clarke Student Association (CSA) re-instated student activities. In recent years no official student observance existed.

Rene Manning, CSA president, said that CSA scheduled Founder's Day out of a faculty suggestion and good student reaction to the idea. Manning added, "It's good because otherwise some students would graduate from here without knowing who Mary Frances Clarke was." During the '60's students lost in-

BVM's, however, always honored Mother Clarke on October 4, the feast of her patron saint, St. Francis of Assisi. Also, Mother Clarke, like St. Francis, lived in poverty.

In their social service, aiding the poor and cholera victims, Clarke, Rose O'Toole and Elizabeth (Eliza) Kelly met in Dublin, Ireland. On March 19, 1832 they opened Miss

programs,

Clarke's School. Several sisters left Dublin for Philadelphia on July 18, 1833. They opened Sacred Heart Academy and later expanded it.

On November 1, 1833, Fr. Terence Donaghoe permitted them to take vows and form the religious community - the Sisters of the Blessed Virgin Mary. Donaghoe named Clarke mother superior.

Bishop Matthias Loras invited the sisters to come to Dubuque. In June 1843 five BVM's traveled west where they opened St. Mary's Female Academy. (At. this point Bishop Hennessy added "charity" to the BVM name.) The school moved to eight miles southeast of Dubuque in 1846 for 13 years.

From 1859 to 1868 the school, then called Academy of the Sacred Heart, operated out of St. Joseph's Hall, now part of Loras College. When Hennessy wanted a building for a boys' school, the 150 girls moved to 13th and Main under the name, St. Joseph Academy.

At \$200 an acre plus \$300 mining rights, a grove of pine, stubble, weeds, and mining mounds were purchased, upon which Margaret Mann Hall was built. A Dubuque Herald issue of February 1881 reported Mt. St. Joseph Academy as being "superior to any school west of the Mississippi."

State permission granted in 1901 made it possible for the Academy to become a three-year liberal arts college. The name was changed to Mt. St. Joseph Academy and College. Preschool children, in addition to junior and senior high and college students attended.

Articles of Incorporation were issued for a four-year liberal arts college in 1912. In 1918 the school was accepted for membership in the North Central Association of Colleges and Secondary Schools.

To honor the foundress, the girls' school became Clarke College on September 1, 1928. The academy division was closed then.

As campus buildings were added, they were named in honor of the five founders - Clarke, O'Toole, Kelly, Margaret Mann and Catherine

Court Candidates Announced

The nominees for the six-member homecoming court were announced Tuesday night by the selection committee. Loras candidates are: Delrose Hazer, Mary Carol Evan, Pam Blockard, Val Ostran, Peggy Ann Lassance, and Mary Bockenstedt. Clarke candidates are Renata Korona, Jane Skelley, Jane Daly, Rene Manning, Marylou Fronczak, and Mary Kaye Reynolds.

Next week Clarke and Loras students will vote for six candidates, three from each school, who will comprise the 1977 Homecoming court. The court will be announced at the Pep rally on Fri., Oct. 7, in the Loras Fieldhouse.

The pep rally is the first of the homecoming festivities, which will extend through Sunday under the theme "Loras and Clarke Expedition."

Impracticalities make 'dead hour' useless

The "dead hour", a policy instated decreased last spring through an agreement congestion in the cafeteria. among students and department It frees all students and faculty from classes during the 12:20-1:10 period on Mondays, Wednesdays, and Fridays, thus making easier the scheduling of class meetings, intramural sports, and committee meetings.

the dead hour at its inception, thinking that on- and off-campus students could be brought closer together, and committees could increase efficiency by being relieved of scheduling hassles. However, the ment committees and classes are concept has lost most of its appeal since it has proved itself to be impractical.

Effective meetings are not really feasible during this time. Since no feelings from impatient students in one has classes during that time, it is long lunch lines. The time would be natural that most people will be better spent with some students in eating their lunch then. Thus, the 12:20 classes, thus dispersing excess situation is further complicated by cafeteria population into other time enormous cafeteria lines which slots. increase the time spent at lunch. A meeting are not possible under these to a class or committee meeting is hour for the spring semester.

Students taking classes on another heads, has much theoretical value. campus at Loras or UD around this time can get no benefit from the dead hour at all.

Intramural sports are not practical during this time for the same reasons, with the added fact that no one really wants to be running around perspiring and falling on the Everyone seemed excited about ground in the middle of a school day.

> Because of these related problems, the dead hour is not being used for any of its originally intended purposes. Student governstill scheduling meetings late in the afternoons; intramural sports are still held on Sundays or evenings. All the policy has really created is irate

The SAC is currently studying the quick meal followed by a rushed dead hour concept to determine its worth. The COURIER strongly conditions. The time one can devote advocates the abolishing the dead

Poverty and catastrophies beset college's founders elementary education. Rose's elementary education. Rose's mother died in the cholera epidemic mediately confronted disaster. At they were leaving the boat, At Savings in gold coins into the ocase.

By Michael Schuver

CCSNS - The insane priest sent them, but they had no where to go. A wandering madman burnt their home, so they built a college. A hurricane at sea almost killed them, so they gave birth to religious organization. The loss of their savings left them destitute, so they taught the poor. They believed they saw a vision from heaven of St. Joseph, so when they needed help, they went to St. Joseph's church.

The fives founders of Clarke College and the Sisters of Charity of the Blessed Virgin Mary had to overcome these obstacles for their society to survive. The founders were Irish, but had one other thing in common: They had a desire to teach

The principle founder, Mary Frances Clarke, was born on March 1806, the daughter of fervent Catholic parents. In her late teens, her father suffered a paralytic stroke and she had to take over the family business. She later moved on to her chosen profession, teaching.

Cholera Epidemic

A capable businesswoman friend of Mary Frances was Margaret Mann. A year older than Mary Frances, she ran a large milinary shop in Dublin. As her plans to join in teaching with Mary Frances matured, she gradually closed shop.

Rose O'Toole, the youngest of a large family, received only an own desire to learn.

A good friend of these women was Eliza Kelly, a Franciscan Sister postulate. She influenced the others into joining her also.

The women got to know each other while doing charity work during the epidemic. They moved in together on the day of their profession, December 8, 1831. At first they continued at their own jobs, but spiritual work soon became more important.

On March 19, 1832, "Miss Clarke's Seminary" was opened for teaching religion to the poor, one of the biggest needs in Dublin at the time.

Soon after the school opened, a young American priest from Father Patrick Philadelphia, Costello, came to Ireland and offered to serve as the women's chaplin. When he decided to return to America, Costello begged the women to join him there. He told them of the great need for Catholic teachers in America, especially in Phildelphia where the Irish Catholic immagration was large. He assured them they would be warmly Philadelphia, welcomed especially by Bishop Kenrick.

The women were having trouble deciding which religious order to permanently join, so this would give them an opportunity to start their own. Costello had inspired them and the decision was made to go to

Saint Joseph

On the eve of their departure, the women were crossing a crowded bridge in Dubline when part of it gave way. They were trapped amid the panicking hundreds when an old man led them to safety. He said, "Go where you will, ladies. The hand of God is over you and will protect you." Before they had a chance to thank him, the old man disappeared, leaving them to believe he was their parton saint, St. Joseph.

Upon returning to their home that night, the women found their young friend, Catherine Byrne, waiting for them, packed and ready for the trip. As a very young girl, Byrne had been tragically orphaned and sent under the care of a sister running a hospital where Bryne grew up to work as a nurse and pharmacist. At night, running errands for her pastor often brought her to the

On July 13, 1833, the four young women set sail for America, with O'Toole to follow the next spring when her family affairs were tled. The ocean voyage itself was perilous, with the ship passing through a hurricane and almost sinking a few miles from shore.

Arriving in New York on Sep-

Philadelphia was, in many ways, like the Dublin they had left. Poor immigrants from Ireland fell into the same slum poverty they had left Ireland to get away from. Most of the immigrants were poor, illiterate, and disillusionned with America with state and were with the state of the st Donaghoe realized this and glady gave the five women a place to stay and work. On November 1, 1833, the Sisters of the Blessed Virgin Mary was formed with Donaghoe as their leader.

Work continued in Philadelphia for ten years. Meanwhile, Bishop Matthias Loras of the Dubuque Diocese needed Sisters to teach in the small schools of Dubuque and in the Indian missions. Loras knew Donaghoe and strongly urged that the sisters move.

Fifteen BVM's

By this time, the BVM Sisters numbered fifteen from Ireland and another four from Philadelphia. Loras was convincing and Donaghoe decided to send some of the Sisters to Dubuque.

Arriving in Dubuque, "the poorest diocese in the country," on June 23, 1843, Mann, Kelly, Francis O'Reilly, Patrice Ceniff and Josephine O'Reilly set up a home for themselves and the others to follow. On September 12, Donaghoe left Philadelphia with the last fourteen sisters who soon opened a school near Saint Rapheal's Cathedral

The Cathedral school was soon too small to answer the double purpose of a motherhouse and a school, so it was decided to seek a new home for the Sisters. So in June, 1845 Donaghoe and Loras selected a new location eight miles from Dubuque St. Joseph's Motherhouse on the Prairie was built on a sign Donaghoe called Mount Carmel

'Simple Dreams' offers variety; voice outstanding aspect

By Anne Ely Editor

release, "Simple Dreams", offers a selection of musical variety with a range as incredible as Ronstadt's voice. There are "get rowdy" songs like "Poor Poor Pitiful Me" and "Tumbling Dice," pure country tunes like "Carmelita" and "Old Paint," and mournful, melancholy songs like "Maybe I'm Right," "Sorrow Lives Here," and "I Never Will Marry.'

Ronstadt's greatest successes are with the latter variety, where the emotion displayed in her voice can

feeling mournful. When she sings "Sorrow lives here in my heart, it haunts me when I sleep, I can't keep Linda Ronstadt's latest album the thought of you from my dreams," one can't help but be captivated by the velvety voice trembling with melancholy.

> Similiarly, the mournful resignation of "I Never Will Marry" is a real play on the listener's emotions. Who couldn't sympathize with someone singing, "I never will marry, I'll be no man's wife: I expect to live single all the days of my

have the most non-attentive listener Dreams" is not overly-endowed with

thought-provoking lyrics. "Carmelita," for example, proclaims, 'He hangs out down on Alvarado Street at the Pioneer Chicken Stand." The chorus of "Old Paint" says, "Ride around real slow, the fiery and the snuffy are rarin' to go." But Ronstadt's voice and her band's instrumental talents can make an otherwise "so what" song into a memorable listening experience. Mediocre songs become excellent, and excellent songs become outstanding.

What is it like listening to "Simple With a few exceptions, "Simple Dreams"? As the first cut of the album says, "It's so easy."

Intramural insult

To the sports editor:

I am very disgusted about an occurence during the Sunday afternoon football game between Women Aware and the Rebels.

I am a member of the Rebels team. We lost the game 23-6. I personally would rather have remained scoreless, under the circumstances of the Rebels' touchdown.

Toward the end of the second half, Women Aware decided to sing "Happy Birthday" to a spectator. Therefore, our team took advantage of the situation - no defense to stop us. However, we could not connect for a touchdown. Women Aware sent birthday greetings a second time,

September 25, 1977 and once again we failed to score. On the third verse the Rebels finally scored a touchdown. Then Women Aware decided to return to a defensive line.

Some members of our team thought it was "nice of them to give us a chance." I, however, am one of two who took the incident as a very strong insult.

I believe the birthday chorus was very inappropriate. Prior to and during the game we realized we lacked skill and knowledge and assumed we would lose. But the Rebels had the guts to fight an almost hopeless battle.

> Respectfully submitted, Jan Kitch

Philomea's in Davenport and St. Matthias' Academy in Potosi, Wisconsin.

On May 15, 1849, fire completely destroyed St. Joseph's on the Prairie. All was lost except for a statue of the Blessed Virgin, saved by one of the sisters fleeing the chapel. The statue is still preserved by the Sisters.

John Kelly, a mentally deranged man who wandered about the countryside, confessed to starting the fire. A wake for one of the Sisters was being held in the chapel one evening and Kelly, seeing the light, came and stood by the door of the chapel just as one of the nuns was leaving. The Sister was startled by Kelly and closed the door in his face. This vexed Kelly and he went off into the night, screaming threats of vengence, only to return two weeks later and set fire to the chapel.

Rebuilding

The convent was rebuilt first, followed by the academy in 1852. Financing for the construction came in many ways, from volunteer labor in exchange for religious education to anonymous monetary gifts. The academy was well-patronized; it was the only Catholic institution for young women in that part of the country. By this time there were 41

A hospital under the jurisdiction of Bishop Loras was opened September 1, 1855, at the present site of St. Joseph's Hall of Loras College, but the B.V.M. Sisters seemed destined only to teach. Within a year, an elementary school named Our Lady of the Sacred Heart was opened for girls, filling the building Loras had planned to be the first hospital of

Sister Mary Gertrude Reilly was superior of the school when it moved to Wellington Mansion, Thirteenth and Main, in September, 1868, with Mann serving as principal until her death in 1873.

This school too, became too small to accommodate the growing sister and student populations. Both day students and boarders were staying at the school, renamed St. Joseph's Academy. When the enrollment reached even larger proportions, the sisters went looking for yet another place to live.

Growing Population

In 1881, Mount St. Joseph's academy was opened. The entire school was situated in Margaret Mann Hall, the present day ad-ministration building. Sister Mary Bertrand Foley was superior and raised the academics to collegiate level in 1901.

The face of the college has changed drastically since then. One major administrative change came in 1928, when the school was renamed Clarke College after the B.V.M. founder, Mary Francis

Most of the credit for starting Clarke College should be given to the five founders and Father Donaghoe. But the insane Father Costello, the fire-toting madman John Kelly, the hurricane a few miles off shore, Eliza Kelly's expensive accident leaving the ship in New York, and St. Joseph's vision from Heaven, each in its own small way also had a lot to do with starting Clarke College.

The Scramblers emerged victorious over the Bulldozers in the 1:00 game Sunday as the final whistle sounded on a 2-0 note. The Scramblers grabbed their winning points on a safety early in the second half as Bulldozer quarterback Karen Larkin was sacked in the Scrambler end zone.

First half offensive action for the Bulldozers primarily consisted of a ground attack in the form of numerous quarterback sweeps. The running game yielded only short yardage, and the infrequent attempts at passing were thwarted by a strong Scrambler defense. Scrambler Margaret Corrado accounted for two conversions as she intercepted in each of the Bulldozers first two play series. The only first down of the contest was awarded to the Bulldozers late in the half when Larkin, with good line protection, successfully swept right.

The Scramblers launched an air raid in the first half of play but were troubled by incompletions and offside penalties. Scrambler Quar-terback Mary Kay Knapp connected Avelleyra gaining short yardage. As second half. the half ended, the Scramblers The Fifths made their only score recovered a fumble on a punt in the first half when Jeanne Burns reception and held the match at a 0-0 made an interception and ran more stalemate.

forces, the Scramblers carried out missed, bringing the score to 6-0 their threat in the second half. Quarterback Knapp connected on a pass pattern to Ann Bares for minimal yardage on the second down of play in the half. The Scramblers scored the crucial two points when their blitz proved successful in dumping OB Larkin in the end zone. The Scramblers struck again as quarterback Knapp hit Avelleyra for short passing yardage. Second half proved fruitless for the Bulldozers as they were plagued by delay of game and off-sides penalties, and interceptions by Scramblers Avelleyra and Carol Costello. Larkin's two complete passes to ends Anne Whitehead and Chelly Vician in the final minutes of play could not save the game for the Bulldozers and the final whistle confirmed the 2-0 Scrambler vic-

FISTS 3-0 over fifths

The FISTS came out victorious again maintaining a perfect record of 3-0. They defeated the Fifth Floor on two passes of nine attempts with Fifths 8-6 on a touchdown pass from receivers Corrado and Paula Sherri Hyde to Beth Boddicker in the

than half the length of the field for a

After a half-time regrouping of touchdown. The extra point was Hope wins again

The FISTS came back with Mary Hyland making an interception for her team. In spite of the in-terception, the FISTS were held near the goal line and did not score until they received a safety after turning the ball over to the Fifths. This made the half time score 6-2 in favor of the Fifths.

The FISTS were determined to keep their winning record however, and Hyde took advantage of the opportunity to connect with Boddicker, winning the game 8-6.

Women beat Rebels

CCSNS - In a later game, Women Aware knocked the Star War Rebels out of orbit 23-6. Women Aware were in control from the start as quarterback Peg Smith threw a long pass to Barbie Ries for a touchdown in the first minutes of the game. Smith neatly connected with Patti Schnable in the endzone for the extra point. Smith and Ries teamed up for another touchdown in the second half, and Margaret Doyle scored an additional six points on a double conversion. Smith handed the ball off to Diane Peterson, who handed it off to Doyle. The Rebels managed to get on the scoreboard on their last series of downs late in the second half when Linda Contreras ran with the ball scoring 6 points.

CCSNS - Unbeaten, untied, and

unscored upon Ryan's Hope put the Big Green Machine out of commission Sunday, 21-0. The first half was tight, until Ryan quarterback Max Kollasch scored a touchdown on a quarterback sweep in the final minutes. Peg Klein got the second half underway by running back the Machine's kickoff to give Ryan's another six points. Later Ryan

center Cathy Molloy fended opposing rushes to give Kollago a long pass in the endzone. Kollago connected again with Eileen McCir for the extra point. The Rvanic for the extra point. The Ryanite for the extra point. The Ryanites of not play their usual passing game but depended on their ground game most of their plays. Ryan's like for most of their plays. Ryan's and season points now add up to lot none of their onnonent to lot while none of their opponents he managed to score against them ye

VB action underway

In the first match of volleyball action Tuesday evening The Team beat Un-Ga-Wa two games out of three. The team won the first game 14-7 by taking advantage of the weak receiving by Un-Ga-Wa. Un-Ga-Wa won the second game 15-10 after a slow start. The score was 0-0 after 4 minutes of action when Gloria Fabrega stepped up to the serving line. Her powerful serves brought the score to 10-0. The Team gained points slowly but lost by five due to the power of Un-Ga-Wa.

Inspite of the fact that they played their last game with five players The Team won 14-8 after re-organizing

the line-up.

On the strength of scoring streaks, Cloister Clutzes took two straight games and the match from the Rockettes in the second match of Tuesday's action.

In the first contest, which they won 15-3, the Clutzes scored three points before losing the score to the Rockettes. Then the Clutzes on the strength of Jean Epperson's serves and miscues of the Rockettes role and miscues of the Rockettes rolled up seven straight points making it.

3. The Rockettes regained the sent unable to capitalize making it. but were unable to capitalize he calinghed the game but were the game on the

Trailing in the game until they knotted the score at eight, the Clutzes came back to win 15-10.

The Rockettes and Clutzes et. changed points until they knotted by score, but the Rockettes always managed to hold a one or two point

Losing the serve after they knotted the score the Clutzes were forced to tie it up again at nine. With Mary Kay Knapp serving, the Clutzes ran the score from 9-9 to 149 but lost possession on a bad serve by Knapp. The Rockettes could score only one point in two possessions, before the Clutzes sealed the game 15-10 on a serve by Michelle Fallor. Consistent set ups by Hisae Hasegawa and Epperson aided the Clutzes in their second win.

Mac Kollasch of Ryan's Hope guards ball as The Big Green Machine defensively surrounds her.
